

Techpalooza Game Instructions

Rock Paper Scissors

- The first 100 participants will be given a beaded necklace; however, anyone can play.
- To play, find an opponent wearing a beaded necklace and stand facing each other with one hand flat in front of you and your other hand making a fist on your palm.
- Count down by saying “rock, paper, scissors, shoot!” On “shoot,” play either a rock, paper, or scissors with your hand.
 - rock (made by making a fist),
 - paper (made by laying your hand flat), or
 - scissors (made by holding out two fingers to look like scissors). Both players show their signs at the same time to see who will win.
- Here are the rules that determine which sign beats another:
 - Rock wins over scissors (because rock smashes scissors)
 - Scissors wins over paper (because scissors cut paper)
 - Paper wins over rock (because paper covers rock)
- The winner takes the beaded necklace from their opponent.
- The participant with the most beaded necklaces should go to the ITS Information Station in Techpalooza at 2:30 pm to receive a prize!

Scavenger Hunt

- Explore various vendors and sessions to participate in the Scavenger Hunt.
- Attend the sessions to receive a code word from the presenter and write it on your scavenger hunt sheet. (Not all sessions have a code word)
- Find and interact with the Techpalooza vendors to sign off on their logos.
- If you have social media, use the hashtags in the center rectangle. If you don't have social media, then take a picture and send it to your friends and family to earn the sticker from the vendor.
- If you are the winner, you will receive a text to pick up your prize!
- Submit this card at the ITS Information Station in Techpalooza to have your name entered in the drawing for a prize!
- Scavenger Hunt sheets will be drawn every hour at the ITS Information Station in Techpalooza!

Trivia

- Test your tech tenacity with trivia questions!
- Earn points for correct answers!

Techpalooza Game Instructions

- The names of people with the highest scores will be entered into a drawing; 3 winners will be selected to receive a prize at the ITS Information Station in Techpalooza!
